

Are you a Coastal Biologist?

Epsilon Associates, Inc. is seeking a full-time coastal scientist with a specialty in marine biology, fisheries or related coastal expertise to work as part of the Epsilon team on environmental permitting and consulting projects. This position requires a valid driver's license and occasional overnight travel.

The ideal candidate will have:

- B.S. in Biology
- M.S. in Coastal/Marine/Fisheries Science (or 3 years in environmental consulting or similar professional work)
- Understanding of federal, state and local environmental statutes and regulations (desirable)
- Superior writing and oral communication skills
- Proven ability to work productively as part of a project team
- Strong computer skills and working knowledge of GIS and GPS

The successful candidate will be responsible for:

- Marine biology and fisheries literature research and analysis
- Biological sampling and analysis of coastal environments including coastal wetlands and fisheries
- Assisting with the preparation of reports on coastal and marine environments, impact assessment and mitigation, Essential Fish Habitat assessments
- Assisting with the preparation of permit applications for US Army Corps of Engineers permits, state 401 Water Quality Certifications, wetlands filings and other applications
- Assisting with presentations to team members, clients and regulatory personnel

Why should you work for Epsilon?

Our technical specialities and areas of expertise are as varied as our project locations. While most of Epsilon's work is concentrated in New England, our consulting services have taken us to 28 states and 5 countries. As an Epsilon employee you will have the opportunity to learn from your colleagues, many of whom are considered leading experts in their fields.

Epsilon offers a collegial environment and opportunities to participate in a range of challenging projects for professional growth and advancement. Our team members enjoy a competitive base salary, a performance bonus program, 401k with generous company match, profit sharing, and full health, long-term disability insurance and life insurance packages. Epsilon is an Equal Opportunity Employer.
